

JAY FACTOLARIN ESMALLA

BS Computer Science · Artificial Intelligence · UM Tagum College · 3rd Year

09307151993 | jaesmall1@gmail.com | github.com/jaeqwrt

Purok 1-A, Alejal, Carmen, Davao del Norte

CAREER OBJECTIVE

A student majoring in AI with hands-on experience in web/mobile development, Chrome extension development, and focused systems. Seeking a role in web solutions or automation where I can apply my technical skills and leadership professionally.

WORK EXPERIENCE

Student Assistant

3 Years

UM Tagum College

- Assisted in daily administrative and office tasks
- Managed documents, records, and student-related concerns
- Developed communication, time management, and responsibility skills

On-Call Coffee Barista

Sideline

Freelance / Sideline Work

- Prepared and served beverages based on customer preferences
- Handled customer service and order management
- Maintained cleanliness and workspace organization

PROJECTS

Thryfto Mobile App

Instagram-inspired marketplace for thrifted items — users browse, post, and promote secondhand products socially.

Lola's Kusina Order & Management System

Food package ordering system for managing customer orders, listings, and transactions to improve efficiency.

Rent-A-Tool PH — P2P Mobile Platform

Peer-to-peer tool rental platform with digital payments, verified profiles, ratings, reviews, and security deposits.

PH Red Flag Detector for Messenger — Chrome Extension MV3

Adds red-flag scanning to Facebook Messenger — sends selected messages to API, returns label, confidence, and risk level without storing raw chats.
